

Train Parking - Cashless System

To receive free parking at train stations from the 1st July 2014 you will need a Veterans' Free Travel Smartrider card. To obtain this you will need to visit Elizabeth Quay Bus Station, formerly the Esplanade Busport. You will need to produce your Gold Card and Drivers Licence, or some form of photographic identification for them to produce a Smartrider for you.

Then follow the directions below:

Phone 136 213 - Don't press any buttons, wait for the operator

Have your smart rider ready as you will be asked for the numbers on the top right hand side of your card on the reverse side of the card. They will confirm your name, address and your date of birth for security.

You will then be asked to provide your vehicle registration number.

As at the 1st July 2014 you will need to scan your smartrider to park for free.

Please contact the office if you require further information.
